COMPETENCIES

- ▶ MERN Stack Architecture
- ▶ CRUD Operations & State Flow
- ▶ Secure Token Authentication
- ▶ API Integration & JSON Handling

STRENGTHS & LANGUAGES

- ▶ Analytical Problem Solving
- ▶ Fast Learner & Adaptable
- ▶ Collaborative Team Player
- ▶ **English:** Professional Working
- ▶ **Hindi:** Native Speaker

PROFESSIONAL SUMMARY

Motivated and results-driven **Full Stack Developer** with comprehensive hands-on training in building high-performance modern web applications using the **MERN Stack (MongoDB, Express.js, React.js, Node.js)**. Proven ability in crafting secure token-based authentication, modular React architectures, and RESTful API integrations. Dedicated to writing clean, maintainable code and solving complex technical challenges.

FEATURED PROJECTS

MERN Stack Authentication & User Management

Full Stack System

MongoDB • Express.js • React.js • Node.js • JWT • Bcrypt

- Engineered an end-to-end secure user authentication system featuring registration, login, and protected routes.
- Implemented strong password hashing with Bcrypt and stateless security using JSON Web Tokens (JWT).
- Constructed clean REST API controllers with centralized error handling and responsive client-side validations.

Interactive Task Manager (Todo App)

React Application

React.js • Modern JavaScript (ES6+) • CSS3 • LocalStorage API

- Developed an intuitive productivity tool providing full CRUD capabilities (Create, Read, Update, Delete).
- Integrated LocalStorage API for instant data persistence across sessions and implemented multi-state filtering.
- Structured components with clean reusable patterns for exceptional UX performance across mobile and desktop.

Real-Time Weather Web Application

API Web App

JavaScript • OpenWeather REST API • HTML5 • CSS3 Flex/Grid

- Architected a live meteorological tracker fetching real-time climate data via third-party RESTful API calls.
- Integrated asynchronous JavaScript (Fetch API) with dynamic city search, loading states, and responsive metrics cards.

Personal Developer Portfolio Website

Live Production

HTML5 • CSS3 • JavaScript • Git & GitHub Pages CI/CD

- Designed and deployed a responsive personal portfolio showcasing technical competencies and live code repositories.
- Live Link: [dilkashalam8101.github.io/My-Portfolio/](#)

EDUCATION & PRACTICAL TRAINING

Full Stack Web Development Certification

Panchsheel Park, Delhi

Dice Academy

Comprehensive curriculum covering HTML5, CSS3, JavaScript (ES6+), React.js, Node.js, Express.js, MongoDB, Git workflows, and building industry-standard full-stack web applications.
